| 8. Parent and Community Support | | | |
| OTHER: Please Specify | | | |

Brief Explanation of Evidence:

Students researched information on how the seasons are caused by the movement of the sun, moon and earth. Students worked in groups to create posters demonstrating all they learned from their research. After the group posters were made, students completed a self-reflection describing the strengths and challenges of the group, as well as a self-reflection of their own participation within that group.
